

Weekly Update

New Information:

- Pools have been cleared to open for swim on June 8th- **Yay!** Pushing to open by the 8th is opening the door to liabilities and closure.
- Your residents will not be swimming on June 8th- **Boo! (Please see below for information)**
- Pristine has been put through the ringer and it has been nearly impossible to staff and plan accordingly with the ever changing restrictions and guidelines.
- We are working around the clock to open pools as quickly as possible for a safe swim season. We plan to have all our pools ready to open to residents with the County guidelines in place by June 15th. **Pending Weather and County approval.**
- We are placing out furniture to get as ready as we can without guidelines in place. **IF YOU DO NOT WANT FURNITURE PLACED AROUND THE POOL ENCLOSURE YOU MUST EMAIL US PRIOR TO SETTING OUT FURNITURE.**
- Many Counties do not have 'official' guidelines in place and we are still waiting and arguing guidelines to make them reasonable for our swim communities.
- We will continue to update you as we receive further clarification.

We appreciate your association's patience as we work through these ever changing situations and open pools as quickly as possible. We are at the mercy of County guidelines (many are still unknown), Labs for water testing, Inspections for some County's, etc. There are so many moving parts to open a pool for swim, much of which we couldn't do until now... Water testing Labs and Counties are like us- understaffed and slammed with a surprise change to executive orders. We are all working very hard to have a lengthy and enjoyable swimming season, and again, appreciate the associations patience.

What we NEED from you:

1. **Please respond and let me know if your community plans to open for swimming or if they wish to**

County Specific Information:

- Oakland
 - "As of now" Guidelines have been put into place and we are moving forward and getting our pools in compliance.
 - Pools must remain within 50% capacity
 - Pristine Is requiring signs at pool entrances stating that residence must adhere to the 50% capacity- Residents must remain socially distant outside of their immediate family members- Residents must wipe their shared surfaces before and after use.
 - Covid-19 preparedness plan strongly recommended. Please contact us for samples.
 - We will have disinfectant on the pool deck for resident use.
- Wayne County
 - No official guidelines yet
 - Pool must run at 50% capacity
 - Covid-19 preparedness plan strongly recommended. Please contact us for samples.
 - Pending County approval- Pristine Is requiring signs at pool entrances stating that residence must adhere to the 50% capacity- Residents must remain socially distant outside of their immediate family members- Residents must wipe their shared surfaces before and after use.
- Washtenaw County
 - Had guidelines approved yesterday (6.2) and have rescinded those guidelines today (6.3). Working with County on amicable solution.
 - Associations must prepare a Covi-19 preparedness

- remain on PAR ASAP. Please include your community name in your email**
- 2. If opening please send over the board specific request regarding restrictions they MAY want to see implemented to see if they are feasible.**
 - 3. Please have your 911 phone turned on. A pool will NOT open without a working 911 phone. We cannot schedule an inspection without a working 911 phone.**
 - 4. Make sure water is turned on to the buildings!**
 - 5. Please send over a copy of your license ASAP if you have not already done so. We need this license to schedule an inspection. If you do not have a license for this**

response plan and be approved by the County PRIOR to being able schedule a health inspection and to open to residents for swim.

- Macomb County
 - No official guidelines yet
 - Pool must run at 50% capacity
 - Covid-19 preparedness plan strongly recommended. Please contact us for samples.
 - Pending County approval- Pristine Is requiring signs at pool entrances stating that residence must adhere to the 50% capacity- Residents must remain socially distant outside of their immediate family members- Residents must wipe their shared surfaces before and after use.

season please contact Teresa Fry at the EGLE ASAP to obtain one.

6. ***Washtenaw County associations must submit a Covid-19 Preparedness Plan to us so we may submit to County for approval prior to scheduling an opening inspection. They have just now put this in place and are still working through the details. Please contact me for suggestions and recommendations. I am working on a template available for purchase (if approved by the County). This template may be used and updated as each association sees fit. They will still need to submit the final plan to us so that I may submit to the County for final approval.***
